JPSS STAR Science Teams Annual Meeting: Wrapup

Lihang Zhou

(Lihang.Zhou@noaa.gov)

JPSS STAR Program Manager

Meeting Objectives

- ✓ Review the progress of the JPSS STAR program over the past year and review objectives of the coming year.
- ✓ Present results/issues/science from the JPSS STAR science teams including: algorithm validation and maturity status, SNPP science results, plans for the coming year, and progress in preparing for JPSS-1.
- ✓ Hold individual meetings with the science teams and management to review the work plan, budget, and other management matters for the upcoming Fiscal Year.
- ✓ Hold user splinter meetings to develop plans for improved utilization of selected JPSS products.
- ✓ Inform the JPSS Program Office and NESDIS management on the status of the program

Recommendations:

- Real-time data access for data product monitoring and anomaly detection and resolution
- Quality assurance of JPSS product stability and consistency during the mission life cycle
- Bridge gaps between the products developed and users need:
 - Engaged users in the product development early
 - Tailored products
 - User friendly data access
 - Test bed for user interaction and impact assessments
 - Website visualization
- About the annual meeting:
 - Hold this meeting every month
 - Invite more users to the next meeting
 - Have the same room for the sounding group

*R&D – Operation – Applications
Scientist – System Engineer – Users*

*If you want to go fast,
go alone.*

*If you want to go far,
go together.*

Thank You!
